

Nabr serves as the official communication for the HOA board - Board Communication and details are found here. Use it to contact board members. arborcreek.nabrnetwork.com

The Nabr Network features:

- Receive notifications, messages, and reminders from your HOA
- Find HOA documents, forms, and events information
- Find contact information for the HOA Board members
- Post lost & found, watch alerts, classifieds, and more to the neighborhood
- Connect with your neighbors to share recommendations
- Form interest groups
- Provide communication within committees
- Make monthly dues payments, check account balance, and see payment history
- Make reservations for the clubhouse and pavilion
- Submit an ARC request
- This will serve as the official communication for the HOA board - Board Communication and details are found here. Use it to contact board members.
- If each homeowner/renter would like access to Nabr and want their own account- you can add one after the main user has an account. Only one account will have access to Caliber, the information from CAS. Each person listed on the deed may have an account of their own - this can be helpful when interacting with others on the social side of Nabr.
- Renters will need to request a login - you will have to provide a copy of your lease or have your landlord/rental company give access.
- It may take a few days for eligibility to be verified for new login requests.
- There is also an Android and Iphone App
