It shall be the responsibility of the Association and each Owner of each portion of the Property to comply with all provisions of the Code applicable to such portion of the Property. No Subsequent Document may avoid, vary, negate, or waive the obligations and rights of the Declarant, any Owner, or the Association (if applicable) established in this City Code Covenant without amendment of this City Code Covenant (with City Approval, as provided in Article I, Section 4 below) to allow such avoidance, variation, negation, or waiver.

3. Conflicts.

(a) The provisions of the Code control over any inconsistent provisions of this City Code Covenant or any other Governing Document.

(b) As applicable provisions of the Code are amended, modified, revised, deleted, or moved to different sections, this City Code Covenant and all other Governing Documents are deemed to be revised so as to conform to the provisions of the Code as they exist from time to time and are applicable to the Property or any part thereof.

(c) The provisions of this City Code Covenant shall control over any inconsistent provisions of any other Governing Document unless this City Code Covenant is amended, with City Approval as provided in Article I, Section 4 below, to allow subordination of this City Code Covenant to such Governing Document. To the extent that any Governing Document affecting the Property conflicts with the provisions of the Code or the General Statutes of the State of North Carolina, the conflicting provision shall be automatically cured to comply with the Code and the General Statutes of the State of North Carolina. To the extent that the requirements of the Code and the General Statutes of the State of North Carolina conflict, the more stringent provision shall prevail and apply.

(d) Notwithstanding any other provision of this City Code Covenant, any provision of this City Code Covenant or other Governing Document that is more restrictive than an applicable provision of the Code (for example a building setback distance required by a Governing Document that is greater than required by the Code) is not an inconsistent provision of this City Code Covenant unless the Code specifically provides otherwise, and is not deemed revised to conform to the Code.

(e) To the extent that definitions or provisions in a Subsequent Document are different than the definitions or provisions utilized in this City Code Covenant yet bear a similar meaning, the provisions of this City Code Covenant shall apply as if the defined term or provision of this City Code Covenant was utilized. Specific exceptions to this provision may only be achieved through amendment to this City Code Covenant as provided in Article I, Section 4 below.

(f) If additional City Code Covenants are recorded for other portions of the Development, those additional City Code Covenants shall have the priority of this City Code Covenant with respect to Subsequent Documents for those portions of the Development subject to the additional City Code Covenant.

(g) Allocation of assessment obligations among Owners in any Subsequent Document does not constitute a conflict with this City Code Covenant; provided, however, that the rights of the City in this City Code Covenant or in any Declaration of Maintenance Covenant and Protection Easements for Stormwater Control Facilities, including, without limitation, the rights of the City to enforce liens and collect monies from Owners and an Association, shall not be impaired or adversely affected by any such allocation of assessment obligations in any Subsequent Document.

4. Amendment of City Code Covenant.

(a) Amendments to this City Code Covenant are valid from the time of recording in the Registry. Any amendment of this City Code Covenant must have prior City Approval. Any amendment of this City Code Covenant that requires City Approval is void *ab initio* if recorded without the required City Approval. Any amendment to an exhibit attached and incorporated into this City Code Covenant will similarly require an amendment to this City Code Covenant.

(b) During the first ten (10) year period following the date of the recording of this City Code Covenant in the Registry, the Declarant may amend this City Code Covenant with City Approval and without the consent or joinder of any other Person, so long as Declarant owns any portion of the Property, provided, however, that any Exhibit B description of Development Land amended to add real property or delete real property also must be executed by all Persons, in addition to Declarant, who own any of the real property being added to or deleted from the Exhibit B description of the Development Land (defined in Section 5 of Article IV hereof).

(c) If the amendment provisions of Section 4(b) above are no longer applicable to the Property, this City Code Covenant may be amended with City Approval and with the consent of the Owners of Lots who are entitled to cast 67% or more of the votes in the Association (such votes being determined in accordance with the provisions of the Governing Documents (and of the Act, for those Property subject to the Act).

5. No Merger. The rights, privileges and easements in this City Code Covenant shall not merge by operation of law or terminate but shall remain in full force and effect despite the

fact that the same Owner may own title to all the real properties which are affected by this City Code Covenant.

6. No Waiver. The failure of any Owner, an Association, or the City in any one or more instances to insist upon compliance with any provision or covenant herein or to exercise any right or privilege herein shall not constitute or be construed as a waiver of such or any similar provision, covenant, right or privilege including the right to cure a breach or default, but the same shall continue and remain in full force and effect, as if no such forbearance had occurred.

7. Effectiveness. This City Code Covenant is effective from and after its recording in the Registry.

8. Severability. The articles, numbered sections, paragraphs, sentences clauses and phrases of this City Code Covenant are severable and if any phrase, clause, sentence, paragraph, number section or Article of this City Code Covenant shall be declared invalid by the valid judgment or decree of any court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs, number sections or Articles.

9. Enforcement. Violation or breach of any term, provision, covenant or condition contained in this City Code Covenant or in any Governing Document shall give the Association, its Board, the Declarant and every Owner the right to prosecute a proceeding at law or in equity against the Owner, his or her family members, tenants, agents and contractors who or which have violated, are attempting to violate, or are permitting (or allowing to exist) the violation or breach on its Lot or any portion of the Property, any term, provision, covenant or condition contained in this City Code Covenant or in any Governing Document. The right to prosecute such proceeding shall include, without limitation, the right to bring actions to enjoin or prevent such violation or breach or to cause said violation or breach to be remedied. Each Owner, by acceptance of a deed to any portion of the Property hereby acknowledges that no adequate remedy exists at law to cure such violations or breaches.

Within any Undisturbed Open Space areas (and similarly designated areas) shown on any recorded map or plat of the Property, there must not be any land disturbing activity, any placement of impervious surfaces, any tree disturbing activity (as defined in Part 10, Chapter 2 of the Code), any new development or expansion thereof, or any new use, construction or encroachment, without first obtaining a watercourse permit from the City. Permanently Protected Undisturbed Open Space Areas (and similarly designated areas) may or may not be Open Space as defined in this City Code Covenant

2. Tree Conservation. The Association has a conservation easement for the planting of trees and for the protection, preservation, and Maintenance of the trees situated within any tree conservation areas shown on any recorded plat of the Property. No tree disturbing activity, as defined in Part 10, Chapter 2 of the Code, shall be permitted in tree conservation areas in violation of the Code. Any tree disturbing activity undertaken in tree conservation areas or in

Undisturbed Open Space areas (and similarly designated areas) shown on recorded plats of the Property without a permit from the City or otherwise in violation of the Code is a violation of the Code and may result in significant financial consequences to the Owner and to the Person responsible for such tree disturbing activity. Owners and their agents may, however, with the consent of both the City and of the Association, enter tree conservation areas to perform active tree protection measures (as defined in the Code), to plant trees, to remove dead or diseased trees, or to plant replacement trees, provided, however, unless otherwise required by other provisions of this City Code Covenant or by a Subsequent Document, the consent of the Association shall not be required if the tree conservation area in which the Owner desires to perform active tree protection measures or plant trees, remove dead or diseased trees and to plant replacement trees is located on that Owner's Lot.

3. Landscape Easements. The Association shall be responsible for Maintaining and replanting any shrub or tree located within any area designated on a recorded map of the Property as a landscape easement or similar designation. Association expenses for Maintaining or replanting any shrub or tree located in a landscape easement or similar designation are Common Expenses. Whenever a slope easement co-exists, in whole or in part, within a designated landscape easement, and any future public improvement adjacent to the slope easement removes or causes any of the shrubs or trees within the slope easement to die or become unhealthy (as defined in Part 10 Chapter 2 of the Code), it shall be the responsibility of the Association to replace the shrubs and trees in accordance with the minimum applicable quantity, size and spacing requirements of the Code within one-hundred and eighty days of completion of the public improvement. Within any area designated on recorded maps of the Property as a landscape easement or similar designation, no vegetation shall be removed without the prior written consent of the Association. Notwithstanding the foregoing, no Governmental Authority shall be required to obtain the consent of the Association when working within slope easements, greenway easements or construction easements.

The premiums for such insurance shall be a Common Expense.

5. Indemnification. No immunity, exculpation or indemnification provision of any Governing Document shall relieve one or more Owners from such Owner's liabilities as an Owner.

6. On-Street Parking. Any restriction on the right to park vehicles on public streets contained in any Governing Document shall be applicable only to the Owners and their family members and tenants.

7. Sight Triangles. No sight-obstructing or partially-obstructing wall, fence, foliage, berm, parked vehicle or sign between two feet (2') and eight feet (8') tall, as measured above the curb line elevation or the nearest traveled way if no curb exists, shall be placed within any area designated on a recorded map or plat of the Property as a sight triangle or other similar designation. An easement over sight triangles is reserved for the benefit of the Declarant, the Association, and the City, and their respective agents and contractors, for the purpose of removing any such obstruction, and a Person entering onto a Lot pursuant to such easement for the purpose of removing such obstruction shall not be deemed a trespasser and shall not be liable for damages to the Association or the Owner of the Lot with respect to the obstruction removed from the sight triangle. It shall be the responsibility of the Association (as to Common Area) or Owner of the Lot, as soon as reasonably practicable following removal of any obstruction from the sight triangle, to restore the portion of the Property previously occupied by the removed obstruction to the condition required or permitted by the Code and the Governing Documents.

8. Annexed Property. Real property which was not part of the City-approved Development, or real property that was part of the City-approved Development but which was not subjected to this City Code Covenant at the time of its initial recording, may be annexed to this City Code Covenant in the same way amendments to this City Code Covenant are allowed pursuant to Article 1 Section 4 hereof and thereby made part of the Property as Annexed Property, provided that all of the following conditions are met with respect to the real property to be annexed, and further provided that, the ten (10) year period within which Declarant may annex real property to this City Code Covenant without the consent or joinder of any other Person is applicable so long as Declarant owns any portion of the Property or owns the Annexed Property being annexed to this City Code Covenant and:

(a) the Annexed Property is contiguous to the Property or directly across a street from the Property or separated from the Property by property owned by a Governmental Authority;

(b) any development of the Annexed Property is first approved by the City;

(c) annexation of such Annexed Property meets any other applicable requirements of this City Code Covenant;

(d) contemporaneously with either the development of the Annexed Property or the recording of the map or plat of the Annexed Property, whichever first occurs, an Annexation Document shall be recorded in the Registry; and

(e) annexation of the real property subject to the above-referenced City of Raleigh Case or File Number shall occur before the sunset date specified therein, including any extended sunset date granted by the City.

Any Annexation Document shall be in the form set forth by the City, and it shall not be recorded until it has City Approval. Any Annexation Document recorded without the required City Approval is void *ab initio*. Open Space in the Annexed Property is subject to all provisions of the Code, this City Code Covenant, and the Declaration relating to Open Space.

Annexation of the Annexed Property shall be effective upon the later of the recording of the Annexation Document in the Registry or such later date as specified in the Annexation Document, and the Annexed Property described therein shall be subject to all of the provisions of this City Code Covenant and to the jurisdiction of the Association pursuant to the terms of this City Code Covenant, the Declaration and other Governing Documents. Each Owner of a Lot in Annexed Property shall be a Member of the Association, and the Annexed Property and each Owner of any portion thereof shall be subject to assessment by the Association in accordance with the terms of this City Code Covenant, the Declaration, the Annexation Document, other Governing Documents and the Code, the Declaration of Maintenance Covenant and Protection Easements for Stormwater Control Facilities, as applicable. The Association shall have the duties, responsibilities and powers set forth in this City Code Covenant, the Declaration and other Governing Documents with respect to Annexed Property. The withdrawal shall be effective on the date the Withdrawal Declaration is recorded in the Registry, or on such later date specified therein. No withdrawal shall be approved by the City Planning Director when the portion of the Property to be withdrawn causes the remaining Property or portions of the Property to be withdrawn to be in violation of the Code, or when Common Elements of the Association continue to be used by the Lots and Owners of Lots in the withdrawn property, other than in such manner as the Code and Governing Documents allows the Common Elements of the Association to be used by non-members of the Association. Prior to approving the withdrawal of any portion of the Property from the City Code Covenant, the Planning Director shall determine that the Common Expenses of the Association can be fully funded by the remaining portions of the Property within the assessment limitations established in the Governing Documents. Any portion of the Property that is withdrawn from the Declaration may be owned, held, transferred, sold, conveyed, leased, used, occupied, mortgaged and developed in any manner allowed under the Code and shall be released from the terms and provisions of the City Code Covenant on the date the withdrawal becomes effective as provided herein, subject to any terms of the Withdrawal Declaration and except that all easements specifically affecting such withdrawn portions of the Property, as shown on plats recorded in the Registry or as described in documents recorded in the Registry, shall remain in force and effect unless released or terminated by all Persons having rights to exercise such easements.

10. Access Easement for Repair of Structures. A perpetual, non-exclusive access easement over an adjoining Lot hereby is established in favor of each Owner or tenant of a residence or business, and the contractors of such Owner or tenant, whose residence or business is located

No fence, wall, storage shed, or similar structure or any other kind of obstruction shall be permitted in the easement area that will obstruct access to the residence or business.

11. Access for Governmental Agencies. A perpetual, non-exclusive right of access over all Lots and Common Elements (including private streets and private utility easements, if any) within the Property is hereby established for the benefit of Governmental Authorities for installing, removing and reading water meters, Maintaining and replacing water and sewer facilities, fire lanes and acting for other purposes consistent with public safety and welfare, including law enforcement, fire protection, animal control, emergency services, solid waste collection and the delivery of mail.

Common Elements may be conveyed to the City free of part or all of the provisions of the Governing Documents, as determined by the Declarant and the City. Title to Common Elements shall be conveyed to the Association or to the City no later than the time of the conveyance of the first Lot within the applicable phase of the Property. The Association shall accept all Common Elements, including the improvements installed thereon by the Declarant or the developer of the Property, conveyed and/or dedicated to it on any recorded map or plat of the Property, whether or not the conveyance or dedication occurs prior to the time of the conveyance of the first Lot within the applicable phase of the Property. In no event shall the City or the State of North Carolina be responsible for Maintaining any such private water or sanitary sewer utility line or be responsible for the consequences for any blockage, backflow, break or leak in said utility line. Such responsibility shall rest with the Association and Owners of Lots within the Property. Accordingly, the City shall not be responsible for failing to provide regular or emergency water or sanitary sewer utility services to any cluster unit development, unit Ownership (condominium) development, group housing development, townhouse development, or manufactured home park, or their occupants when such failure is due to inadequate design or construction, blockage, backflow, leakage, inadequate Maintenance, of such water or sanitary

sewer line or any other factor with respect to such water or sanitary sewer line within the control of the Declarant, the Association, a Sub-Association, or the Owners or occupants of the Property.

If an Association or Sub-Association responsible for Maintaining any water line or sanitary sewer line fails to properly discharge its Maintenance responsibility, the City, in its sole discretion, may perform such Maintenance work and recover the full costs expended by the City from each of the Lots and the Owners thereof. Except in the case of emergencies (for example, and without limitation, sewage flowing into the stormwater system), prior to beginning any work, the City will provide a minimum of thirty (30) days written notice to the Association or Sub-Association, as the case may be, and in instances of dissolution of the Association or Sub-Association, notice shall be mailed to the registered agent for service of process of the Association or Sub-Association, and to the Secretary of State when mailed notice is ineffective. If the City exercises its rights hereunder and Maintains all or a portion of the water lines and/or sanitary sewer lines, then, following acceptance and payment of the work by the City, the City shall send written notice of the costs of such work to the Lot Owners at the address listed in the tax office, and the Owners shall be responsible for reimbursement to the City of all such costs within thirty (30) days after the mailing of such notice. This notice of payment shall allocate the full cost of the work to the Lots. Allocations shall be made on the basis of:

- (3) A combination of these two bases.

The City's final decision as to the method of allocating costs shall be final and conclusive and not subject to further review or challenge.

All such allocated costs shall be deemed an assessment against the Lots in the amount billed by the City for each such Lot and, pursuant to the Act, the Association and the Sub-Association, as the case may be, hereby assigns to the City its right to collect such portion of the Common Expenses attributable to the Maintenance of the water lines and sanitary sewer lines, and in the event of nonpayment to the City of its Maintenance costs, the Association or Sub-Association, as the case may be, and its right to file liens against the delinquent Lots, without a vote of the Owner, the Association, or Sub-Association. Any Lot Owner who or which does not pay to the City the share of such costs attributable to such Owner's Lot within the thirty (30) day period set forth above shall be in default. In the event of such default, the City, as assignee of the applicable Association, may file a claim of lien in the office of the Clerk of Superior Court in the county in which the Lot is located as provided in the Act and foreclose the lien in like manner as a mortgage on real estate pursuant to power of sale under Article 2A of Chapter 45 of the General Statutes, as may be amended, or bring an action at law against the defaulting Owner, or the City may take both actions, and, in addition to the amount billed by the City to the Owner, the City may recover from such Owner interest at the rate of eight percent (8%) per annum from the end of the 30-day period, a late payment charge of three hundred dollars (\$300) during the

first forty-five (45) days after such default and five hundred dollars (\$500) after such 45-day period, and all costs of collection including, without limitation, court costs and reasonable attorneys' fees, or the City make take both such actions. Any lien claims filed by the City shall be signed by the City Manager or other Person authorized by the Code. The claim of lien may be filed any time after default and the lien shall continue in effect until all sums secured by the lien shall have been fully paid. Such claims of lien shall include all sums that are due and payable when the claim of lien is filed plus interest, late fees, and collection costs as herein provided, as well as attorney fees and court costs. Upon full payment of all sums secured by such claims of lien, the same shall be satisfied of record.

Notwithstanding any allocation of costs to the Lots, each Owner is jointly and severally responsible for all monies owed to the City that remain unpaid for more than eighteen months after the date on which notice was sent to the Lot Owners. Any Person who pays more than his or her share as initially allocated by the City to his Lot is hereby granted a right of contribution against the defaulting Lot Owners.

15. Membership in the Association. The Declarant and each and every Owner with the Property is a Member of the Association and, by execution of this City Code Covenant or by acceptance of a deed conveying to such Owner title to any Lot, consents to be a Member of the Association, subject to the terms of the Act, the Code and the Governing Documents. Membership shall be appurtenant to and may not be separated from ownership of the Member's Lot. The foregoing is not intended to include any Person that holds an interest solely as security for the performance of an obligation. Upon termination of ownership, an Owner's membership with respect to the transferred Lot shall terminate and be automatically transferred to the new Owner of the Lot.

16. Common Expenses. The Association is responsible for payment of all Common Expenses, including the Common Expenses described in Code Section 10-3073(b)(3) and 10-2082.14(e)(3) (or their successor provisions).

17. Association Budget. Each budget of an Association subject to the Act shall be adopted in accordance with Governing Documents not inconsistent with the Act, and shall be ratified by the Members as required by the Act.

18. Assessments. The Association is empowered to levy assessments against the Owners of Lots in the Property to pay for the Common Expenses. Any assessment not paid shall constitute a lien on the Lot of the non-paying Owner upon filing of a claim of lien as provided in the Act. Assessments shall be assessed and collected in accordance with the applicable provisions of the Code, the Governing Documents, and the Act, for Developments subject to the Act.

19. Declarant's Obligation to Fund Operating Deficits. Any Operating Deficit resulting from reductions in and/or exemptions of assessments allowed by the Declarant or provided in the Declaration shall be paid by the Declarant without recoupment of any interest. Declarant, at its option, may fund the Operating Deficit by any one or more of the following means: (i) payment to the Association or Sub-Association, or (ii) payment directly to a Person providing services or materials related to Common Expenses of the Association or Sub-Association, or (iii) providing

directly or indirectly to or for the Association or Sub-Association, services or materials related to Common Expenses (the value of which shall be determined by the Board in its reasonable discretion, giving due consideration to what the fair market value of such services or materials would be if they had been furnished by a Person other than Declarant.)

(a) Preservation. Open Space and private streets shall be preserved for the perpetual benefit of the Owners of the Lots within the Property, and shall be restricted against private or public ownership for any other purpose except acquisition by condemnation or in lieu of condemnation and the granting of utility, drainage, conservation and greenway easements.

(b) Exchange. Open Space shall not be subsequently subdivided or conveyed by the Association. However, nothing herein shall prevent the exchanging of Open Space for other properties when all of the following are met:

(i) Written notice of the exchange is given to each Member of the Association.

(ii) After the notice is given, those Members having the minimum percentage of votes in the Association required by the Act, or any greater percentage required by the Governing Documents, give their written approval of the exchange.

(iii) The exchanged properties and other considerations are of like value and utility.

(iv) The acreage and configuration of the remaining Open Space (including real property to be received by the Association in such exchange) equals or exceeds the requirements of the Code.

(v) The exchange is approved by the Planning Director of the City.

(c) Dissolution. If the Association is dissolved, the Open Space shall first be offered to the City, and, if accepted, deeded to the City.

(d) Mortgaging of Open Space. Open Space may be subjected to a security interest with the written approval by those Members who have the minimum percentage of votes in the Association required by the Act, or any greater percentage required by the Governing Documents, and provided that the rights of the Mortgagee are subordinate to the rights of the Owners and the Association.

(e) Suspension of Rights. Notwithstanding any violation of the Association's rules and regulations, the right of access and support, the right to drain stormwater, and the right to use Stormwater Control Facilities, private utility services, private streets and any assigned parking areas provided to or for the Lot shall not be suspended for violation of the Association's rules and regulations. For the Property subject to the Act, no suspension of use rights shall occur without first providing notice of the charge, opportunity to be heard and to present evidence, and notice of the decisions as required by G.S. 47C-3-107.1 or G.S. 47F-3-107.1 (or their successor provisions).

(f) Recreation (applicable only to Cluster Unit Developments and Townhouse Developments). Recreational uses located in Open Space and other Common Elements shall comply with the provisions of Code Section 10-2072 related to recreational use related to a residential development, other than a single-family dwelling unit (or its successor provision). Membership fees shall not be charged to non-members of the Association for any recreation facility located in a residential zoning district unless the facility is owned by a non-profit entity and a special use permit is first obtained from the Raleigh Board of Adjustment in accordance with Code Section 10-2144(b), "Recreational Use Restricted to Membership - Not for Profit" (or its successor provision).

(g) **The following is applicable only to Open Space in Townhouse Developments.** Townhouse Open Space and private streets used for the exclusive benefit of townhouse residents are Limited Common Elements or Sub-Association Common Area when the townhouse development is part of a cluster unit development containing other housing types.

2. Common Party Walls. All common party walls between individual buildings shall conform to the requirements of the North Carolina State Building Code. The following rules also apply to common party walls between buildings located on separate Lots:

(a) Each wall of a building which is shared by and placed on the dividing line between the Lots shall constitute a common party wall and, to the extent not inconsistent with the provisions of this Section or the Code, the general rules of law regarding common party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto.

(b) The cost of reasonable Maintenance of a common party wall shall be shared by the Owners that share the common party wall, in proportion to such use, provided, however, that each Owner is responsible for usual and routine Maintenance (for example, painting) of the portion of any party wall on the inside of such Owner's unit.

(c) If a common party wall is destroyed or damaged by fire or other casualty, any Owner who shares such common party wall may restore or repair it, and the Owners of the other

Lot which share the restored or repaired common party wall shall, within twenty-one (21) days after receipt of a request for payment and invoices showing the cost of such restoration or repair, contribute to the cost of the restoration or repair thereof (or reimburse the Owner who has paid such costs) in proportion to their respective use of the common party wall, without prejudice, however, to the right of any such Owner to demand a larger contribution from the other Owners under any rule of law regarding liability for negligent or willful acts or omissions.

(d) Notwithstanding any other provision of this Section, an Owner who shares a common party wall and who, by such Owner's negligent or willful act or omission, damages or causes the common party wall to be exposed to the elements, shall bear the entire cost of the necessary repair or restoration.

(e) The right of any Owner to contribution from any other Owner under this Section with respect to all matters occurring prior to the transfer of title of the Lot to a subsequent Owner may be retained by the transferring Owner to the extent that the transferring Owner paid any expenses for which contribution is available; otherwise, the right of contribution shall be transferred to the subsequent Owner. The amount owed shall constitute the personal debt of the Owner from whom it is owed, and the Owner to whom the contribution is owed shall have all remedies available at law or in equity to enforce such Owner's right of contribution. An Owner's obligation for contribution is appurtenant to and shall run with title to such Owner's Lot.

(f) An Owner who desires to sell a Lot containing a shared common party wall, or the prospective purchaser of such Lot, may request the Owners of each other Lot or unit which shares that common party wall to provide a certificate stating whether or not such certifying Owner has any right or obligation of contribution with respect to such common party wall against or to the Owner who desires to sell. Each certifying Owner from whom such certificate is requested, shall, within ten (10) days after receipt of a written request for certification, furnish same to the requesting Owner or purchaser, as applicable, either confirming that no right of contribution exists or stating the amount of and reasons for the contribution claimed against or owed to the selling Owner. A certificate signed by any one or more of the Owners of a Lot which shares a common party wall with the selling Owner shall be conclusive evidence of its contents with respect to all other Owners of that Lot and with respect to third parties.

(g) Each Owner of a Lot with a shared common party wall with one or more other Lot Owners, and such Owner's contractors and subcontractors, shall have an easement and right of entry upon such other Lot to the extent reasonably necessary to repair, restore, Maintain or reconstruct the common party wall. Such repair, restoration, Maintenance or reconstruction shall be done expeditiously and, promptly upon completion of the work, the Owner on whose behalf the work is being done shall restore all portions of the adjoining Lot damaged as a result thereof to substantially the same condition as that which existed at the time the work commenced. The Owner performing the work shall timely pay all costs thereof and, subject to any right of contribution, shall keep such Lots and units free of any claim of lien which may be filed pursuant to Chapter 44A of the North Carolina General Statutes.

(h) **Additional Application for Planned Development Conditional Use Overlay Districts.** In portions of the Property that are part of a Planned Development Conditional Use

Overlay District, these provisions with respect to Common Party Walls are applicable to businesses as well as to residences.

ARTICLE IV
CLUSTER UNIT DEVELOPMENT
(CODE SECTIONS 10-2101, 10-3071 and 10-3073)

Any portion of the Property that is part of a "cluster unit development", as that term is defined in the Code, is subject to all of the following:

1. Residential Density Transfers. Residential density transfers are permitted in a cluster unit development as allowed in the Code. Accordingly, even though some Lots may appear to contain enough land area to construct additional dwelling units or create additional Lots, prior density transfers approved within the cluster unit development may, in fact, preclude approval by the City of additional dwellings or further subdividing of Lots.
2. Development Rights. Development rights retained by the Declarant, including the right to add real estate to the cluster unit development, to add dwelling units, to add Common Elements, to change dwelling unit types within the cluster, or to reallocate units within the cluster, as well as all conditions and limitations applied to the exercise of any such development rights, may be described in other Sections of this City Code Covenant and in other Governing Documents. Exercise of any of the development rights described in this Article is subject to the prior approval of the City.
3. Addition of Land. The maximum amount of land that can be added to the cluster unit development is as follows: N/A acres.
4. Number of Dwelling Units. The maximum number of dwelling units and the maximum number of dwelling units per acre that can be contained in the cluster unit development, or transferred to portions of the cluster unit development without rezoning the real property to another zoning classification for additional dwelling units, are as follows (for purposes of this Section, the cluster unit development includes all portions of the Property initially subjected to this City Code Covenant that are part of the cluster unit development, together with all Annexed Property that becomes subject to this City Code Covenant and is part of the cluster unit development):
 - (a) the maximum number of dwelling units allowed in the cluster unit development is N/A .
 - (b) the maximum number of dwelling units per acre allowed in the cluster unit development is N/A .
5. Minimum Acreage. If the Property described on **Exhibit A** contain less acreage than the minimum amount of acreage required for the cluster unit development pursuant to the Code [Twenty acres in Rural Residential Districts, R-2 Districts, and R-4 Districts, or ten acres in all other zoning districts], then the remaining portions of the Development that are part of the cluster unit development and are not described on Exhibit A are described on Exhibit B attached hereto

and incorporated by reference, are referred to herein as the "Development Land", and are subject to the following:

(a) The Declarant and any other owner of any of the Development Land shall build in general conformity with the preliminary cluster unit development plan approved by the City of Raleigh in the City of Raleigh Case or File Number shown on the first page of this City Code Covenant. The Declarant, and any other Owner of the Development Land, on behalf of itself, its grantees, heirs, successors, and assigns, hereby further agrees that the Development Land shall be annexed and made subject to this City Code Covenant, such that the aggregate acreage of the real property subject to this City Code Covenant shall be either twenty or more acres for lands zoned Rural Residential, R-2 or R-4 or ten acres or more for lands otherwise zoned. If such annexation of the Development Land to this City Code Covenant has not occurred by the date immediately preceding the sunset date specified in City of Raleigh Case or File Number shown on the first page of this City Code Covenant, or the date immediately preceding any extended sunset date granted by the City, then all of the Development Land that has not been annexed to this City Code Covenant and the Declaration, without further act or deed, shall automatically be subject to this City Code Covenant and the Declaration and shall be deemed a part of the Property.

(b) If the Declarant does not own all of the real property described on Exhibit B, all owners of such real property hereby consent to the provisions of this Article IV by executing this City Code Covenant.

ARTICLE V

(CODE SECTION 10-2057)

Any portion of the Property that is part of a "Planned Development Conditional Use Overlay District," as that term is defined in the Code, is subject to all of the following:

1. Residential Density Transfers. Residential density transfers are permitted in a Planned Development Conditional Use Overlay District as allowed in the Code. Accordingly, even though some Lots may appear to contain enough land area to construct additional dwelling units or create additional Lots, prior density transfers approved within the Planned Development Conditional Use Overlay District may, in fact, preclude approval by the City of additional dwellings or further subdividing of Lots.
2. Right of Use. All Persons lawfully using the Property, including Owners; their family members; tenants; guests; employees and customers, are hereby granted a perpetual non-exclusive right of access and right of use and enjoyment and easement in the Open Space subject to such non-discriminatory rules and regulations as are allowed under the Governing Documents. Accordingly, all Lots within the Planned Development Conditional Use Overlay District will be assessed for the Maintenance of the Open Space required by the Planned Development Conditional Use Overlay District and for the Maintenance of any other Common Elements it shares.

In no case shall the City be responsible for failing to provide any emergency or regular fire, police or other public service to any cluster unit development, unit Ownership (condominium) development, group housing development, townhouse development, or manufactured home park or to the occupants of same when such failure is due to lack of access to such areas due to inadequate design, construction or blocking of access routes, inadequate Maintenance, or any other factor within the control of the Declarant, the Association, the Owners or the occupants of the Property.
2. Association Maintenance of Private Streets. In no case shall the City or the State of North Carolina be responsible for Maintaining any private street.
